

I recently completed a life-sized painting of a Bald Eagle (acrylic on 30" x 40" canvas) for a former student/FB friend. His request for me to do the piece started me to thinking. I like doing commissioned artwork. Am now willing to take all proposals for original paintings done to customer specifications. I can comfortably do fish and birds. Call or email me and we'll discuss the details if you are interested in having me create a work of art for you. 361 688 3714, kevxl8@mygrande.net First commissioned piece below.
